

# RePlant Anne Arundel and Annapolis

In partnership with

With support from the Helena Foundation

Are you looking for low-cost native trees to plant in your community? ***Become a Tree Trooper!***

RePlant Anne Arundel and RePlant Annapolis are tree planting programs designed to restore the City of Annapolis and Anne Arundel County's forest canopies by planting trees at homes, congregations, businesses, and schools.

We rely on volunteer community leaders trained through our **Tree Trooper program** to help us find places that need trees and oversee tree planting projects.

Apply now to become a Tree Trooper! This **free training** features 4 virtual sessions and one in person planting event this fall. You'll learn all about how trees grow, which trees are best for you, how to engage your community and more!

To apply, please visit our website at [aawsa.org/tree-trooper](http://aawsa.org/tree-trooper) and fill out our interest form (*located under Become a Tree Trooper*).

The application deadline is **April 12<sup>th</sup>**

The first training session begins on the evening of **April 18<sup>th</sup>**

The program offers native, resilient trees that are:

- 4-6ft tall
- Easy to plant
- Cost \$25 to \$50 per tree, including mulch and deer protection.  
*\*Free trees are available for some communities.*

View our full list of resilient trees at [aawsa.org/resilient-species](http://aawsa.org/resilient-species)

Our staff can help you find one that is right for your yard, school, or congregation.

RePlant Anne Arundel and RePlant Annapolis are signature programs of the Anne Arundel County Watershed Stewards Academy, a local non-profit organization that trains and mobilizes community leaders to drive change for sustainable landscapes and clean waters.
